## ABOUT COLLEGE

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societttty. We will provide individual attention world class quality of education and character building.

## ABOUT FDP

The aim of FDP is to bring the faculty fraternity and scientific community into the one umbrella and explore the importance of pharmacy education in academics, research industry and drug control aspects so as to improve the overall healthcare system across the world.

The faculty development program will help to spread knowledge in the domain of drug delivery system. Is a method or process of administering an active pharmaceutical ingredient to achieve therapeutic effect. This FDP empowers the participants to know about

- Evaluation of commercial drug delivery technologies.
- Cell and tissue targeted drug delivery
- Improved patient compliance due to less frequent drug administration
- Reduction of fluctuation in steady state drug levels
- Increased safety margin of potent drug

### OBJECTIVE OF THE PROGRAM:

The objective of this program is to provide knowledge on Innovations In Drug Delivery Control system like

- T-based smart drug delivery system
- Needle free delivery
- Auto injectors
- Next- gen diabetes tech
- Drug eluting contact lenses

### OUTCOME OF THE PROGRAM:

- Various drug delivery system to improve patient health
- New innovations to do Revolution in drug delivery system which improve drug potency
- Commercial methods for evaluate drug delivery system to enhancing therapeutic efficacy

## ABOUT FDP

The aim of FDP is to bring the faculty fraternity and scientific community into the one umbrella and explore the importance of pharmacy education in academics, research industry and drug control aspects so as to improve the overall healthcare system across the world. Faculty development program on the trends in pharmaceutical research aims to provide insights into novel and recent trends in different areas of pharmaceutical sciences. This would enable the faculty to gain technical expertise. This FDP will provide a forum to discuss emerging issues and advances in the pharmaceutical field.

### OBJECTIVE OF THE PROGRAM:

The objective of this FDP is to provide a medium for ;

- Acquaint faculty with the latest developments in pharmaceutical research
- Strengthen research expertise via exchange if ideas
- To create a bridge between academia and industry

## Objective of the Program

: The objective of this FDP is to provide a medium for ;

- Acquaint faculty with the latest developments in pharmaceutical research
- Strengthen research expertise via exchange of ideas
- To create a bridge between academia and industry

## Topics Covered

- : 1. Pharmaceutical research in India: current status and opportunities
2. Changing trends in pharmacology
3. Global trends in the research and development of medical/pharmaceutical wastewater treatment over the half-century

## Outcome of the Program

: Outcome of the program is participants could describe about

- Personalized medicine with advent of AI
- Patient-Focused trials
- Assay development
- Synthetic biology
- 3D cell structure

## ABOUT COLLEGE

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societttty. We will provide individual attention world class quality of education and character building.

## ABOUT FDP

The aim of FDP is to bring the faculty fraternity and scientific community into the one umbrella and explore the importance of pharmacy education in academics, research industry and drug control aspects so as to improve the overall healthcare system across the world. This faculty development program is an effort to enlighten the participants on research ethics and malpractice. This program has an overview on how to up bring an original research work and to understand the core principle of ethical research. Thereby the participant would strive to become an ethical researcher and produce an original quality research work. If we have a quality research outcome, then it might lead to further improvements in the society, directly or indirectly.

### OBJECTIVE OF THE PROGRAM:

Objective of this program to Participants would able to understand the

- Issues covered in research ethics
- Differing ethical dilemmas and responsibilities of researchers, sponsors, and research assistants
- Role of ethical codes

### OUTCOME OF THE PROGRAM:

.Identify the frameworks of ethics for biomedical research and apply the basic principles drawn from these frameworks in a given research content

- Recognize the perilous outcome of the research where ethics are compromised

- Objective of the Program** : Participants would able to understand the
- Issues covered in research ethics
  - Differing ethical dilemmas and responsibilities of researchers, sponsors, and research assistants
  - Role of ethical codes
- Topics Covered** : 1. Retraction statements and research malpractice in economics
2. Ethics in research publications
3. Trends in research methodology
- Outcome of the Program** : We collected open feedback from the faculty members; Participants could
- Identify the frameworks of ethics for biomedical research and apply the basic principles drawn from these frameworks in a given research content
  - Recognize the perilous outcome of the research where ethics are compromised

## ABOUT COLLEGE

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societttty. We will provide individual attention world class quality of education and character building.

## ABOUT FDP

The aim of FDP is to bring the faculty fraternity and scientific community into the one umbrella and explore the importance of pharmacy education in academics, research industry and drug control aspects so as to improve the overall healthcare system across the world.

Analytical techniques are utilized to generate results about characteristics of phytochemicals. It may be utilized as the basis for decision related to administering the drug to patients. This FDP provide effective to participants to learn various analytical method validation required during drug development and manufacturing of pharmaceutical products.

## OBJECTIVE OF THE PROGRAM:

The main objective of this program is to know about

- Quantity and quality of pharmaceutical, Phytochemical to improve the patents health.
- Modern techniques and analysis for Phytochemicals investigation.

*Kavay*

## ABOUT COLLEGE

Gokula Krishna College of Pharmacy (GKCP) is established in the year 2007 which is sponsored by Sri Krishna Educational Society, Hyderabad. The institution was started with an idea of imparting pharmacy education in rural area, but now it has students from all over state. Though young, GKCP has made a significant impact in various areas of teaching and research, and continues to strive for excellence. The institute was approved by the Pharmacy Council of India (PCI), All India Council of Technical Education (AICTE) and State Govt. of Technical Education, AP. The institute has been offering four year's B.Pharmacy course (100), two year's M. Pharmacy course (Pharmaceutics-18 & Pharmacology-18) which is affiliated to JNTUA, Anantapuramu.

"Our mission is to educate students from all over the state even country including those from the local and rural areas so that they become enlightened individuals improving the living standards of their families, industry and societttty. We will provide individual attention world class quality of education and character building.

## ABOUT MDP

The growth of a student would be complete when the surrounding facilitators both in academic, practical and administration all contribute in the development of the student and make him more successful so not only the teaching, non-teaching staff also has important role to play. The need for comprehensive education is growing more and more and demand for quality education is becoming irrefutable. The partners of education industry not only the teaching faculty but also the supporting staff in both administration and lab purposes is becoming a must and development oriented with it. From our experience we observe that only teaching staff or the faculty alone get some training inputs, but there is a definite lack of training for the non-teaching staff, Administrative Staff and Technicians, this can result in the imbalance in the students growth, so it is recommended that for the best values that the college or Institution can get only when the training is ensured for both teaching and nonteaching staff.

### OBJECTIVE OF THE PROGRAM:

- Communication
- Team work
- Problem solving
- Adaptability
- Independence
- Time management
- Interpersonal skills

### OUTCOME OF THE PROGRAM:

Upon completion of this program, participants could be able to build their

- Technical expertise,
- Development of soft skills can ultimately set participants apart in the workplace and lead to long-term success.
